Dear Senator Obama,

Congratulations! New Jersey Citizen Action's Political Action Committee is proud to endorse you for President of the United States of America. As the state's largest independent citizen watchdog coalition, New Jersey Citizen Action works to protect and expand the rights of individuals and families, and to insure that government officials respond to the needs of people rather than the interests of those with money and power.

NJCA pays careful attention to the critical national and international issues facing our country. We seek to advance a progressive political agenda, through collective action and individual empowerment throughout New Jersey. Your commitment and support on the issues and campaigns NJCA works on -- Health Care for America NOW, fair banking, progressive taxes, housing, affordable utility rates, campaign finance reform, and environmental justice, represents the type leadership we need in the White House.

Moreover, your continued support to end the war in Iraq and commitment to reverse the Bush administration's upside down priorities represent the kind of progressive leadership our members and the public-at large needs in Washington.

We are confident that as President of the United States you will provide the leadership and skills necessary to make real improvements not only in the lives of Americans but around the world. We hope to realize significant changes in the direction of our country as a result of these 2008 elections and look forward to working with an Obama Administration.

NJCA will be working to mobilize voters throughout New Jersey to get to the polls and elect Senator Barack Obama the 44th President of the United States on Tuesday, November 4th.

Very truly yours,

Mitch Kahn
